A close-up photograph of a person's hands working on a leather project. The person is wearing a brown leather watch with a white face and black numerals. They are using a black and yellow tool, possibly a punch or a hole punch, to create a hole in a piece of brown leather. The leather is placed on a wooden workbench. A white circular object, possibly a punch or a hole punch, is visible on the leather. The background is slightly blurred, showing various tools and materials on the workbench.

Looking forward to cooperate with you!
